Pack Quntity	Pack Size	Items in Pack
Volume	Volume	Use in litres, for 1 L input would be 1.

Notes:

- For item specifics not available on Rithum, please make a list and send to zaeem@bpsalesdirect.co.uk or reach via direct teams message.
- B&Q requires dimensions in mm. While we input numbers in cm, these are automatically converted to mm.
- Same goes for volume, B&Q requires it in ml but we can input in L and it automatically converts.
- This workflow with update as we progress with listings. The update would aim to further clarify and add missing elements. Please send queries and suggestion through the modes mentioned above.
